

GradPath: An Academic and Professional Development App for Graduate Students

2/27/2017

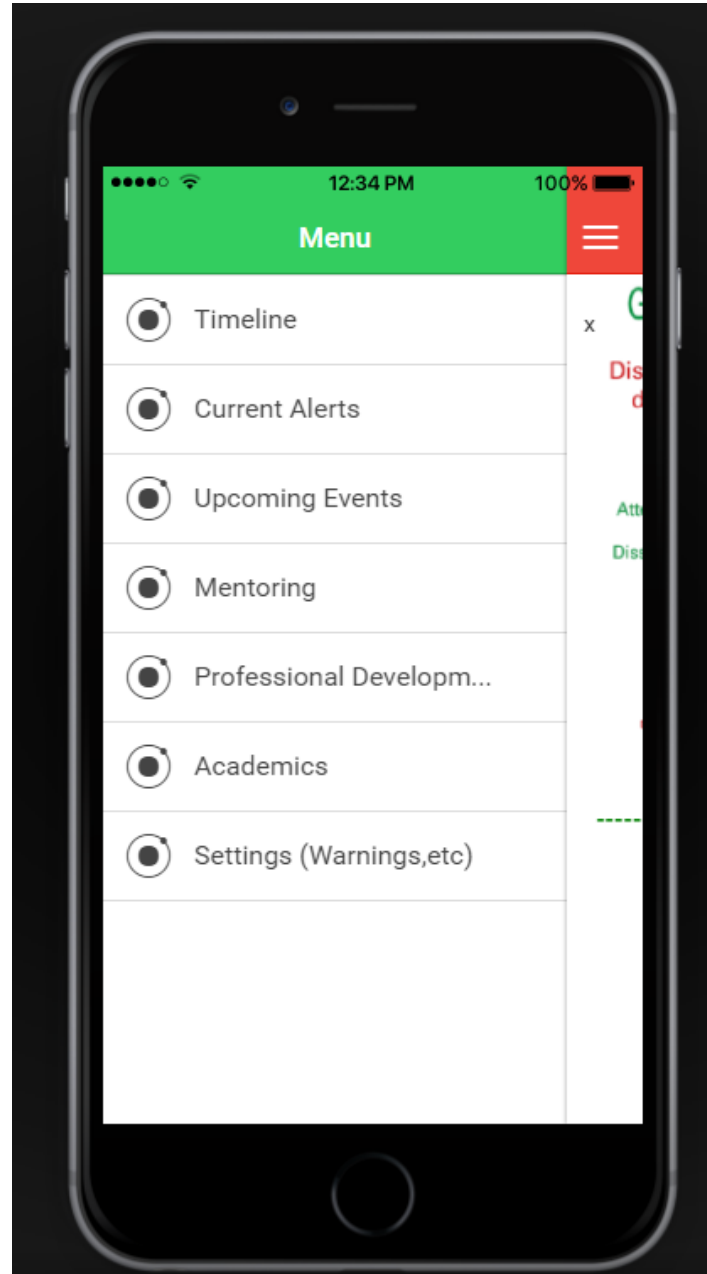

Purpose

- To develop a desktop and mobile-friendly, secure tool to give graduate students timely access to critical academic data and professional development information in real-time
- To promote graduate student success in terms of degree completion and developing the range of transferable skills required for employment
- To substantially update the existing GSOARS system

Five Major Components of GradPath

- An academic “clearinghouse” derived from NC State’s Student Information System
- A data entry component that allows students to enter items related to their academic progress and build a CV/resume
- Streamline and facilitate registration for the Graduate School’s broad range of offerings
- A mentoring component designed to encourage interactions with advisors/committees as well as peer-to-peer mentoring opportunities within and beyond a student’s program
- A resource portal to both internal and external information and opportunities

What We Need?

- Your input – the more information we can get about what you need, want, and how you want to access it, the better the product will be
- Focus groups – when are the best times?
- Any other input you might have...
